Jim Silva is the Fiscal Conservative We need in Sacramento

“Jim Silva stood strong against the politicians who said Orange County should raise taxes after the bankruptcy. Thanks in large part to Jim Silva’s conservative approach, the County was able to turn its finances around without raising taxes.”

— Honorable David Sundstrom, Orange County Auditor-Controller

When Jim Silva took office as our county supervisor, he inherited a bankruptcy mess.

Many people said the county should raise taxes, but Jim Silva said NO.

An economics teacher and businessman, Silva knew that raising taxes would only hurt the local economy and slow down the economic growth the county needed to recover.

Instead of raising taxes, Jim Silva went to work to save tax dollars and make county government less expensive yet more efficient.

His plan to spend less money and pay off debt has saved county taxpayers over \$500 MILLION.

Thanks to Jim Silva’s conservative leadership, county finances are strong and the county has recovered from the bankruptcy WITHOUT raising taxes.

Now we have the opportunity to send Jim Silva to Sacramento, where he can help fix the state budget and get spending under control.

Fiscal Conservative. Taxpayer’s Champion.
Jim Silva - Republican for Assembly

“Supervisor Jim Silva saved Orange County taxpayers over \$500 Million with his plan to pay down the bankruptcy debt and refinance the balance. This resulted in the debt being paid off 10 years sooner.”

— Honorable John Williams, Orange County Public Administrator
